

POSTMATE POST PULLER

THE SAFER, FASTER WAY TO REMOVE FENCE POSTS

The PostMate is a **loader-mounted post pulling attachment** designed to remove wooden posts, concrete posts and strainers **quickly, safely and efficiently**. Built to **eliminate risks** associated with traditional chain-and-loader post removal, PostMate **transforms a dangerous task into a fast operation**. Simply lower the chain around the post, lift with the loader, and the toothed spool **locks on tight for a secure grip**. Lift the post clear, release tension, and move straight onto the next one with PostMate.

USER-FRIENDLY SOLUTIONS
